| universele handsfree bevestiging | univerzální držák hands-free | univerzálny držiak hands-free | γενική χρήση βάσης με ελεύθερα χέρια
| текст для универсального автомобильного держателя | yleis- hands free - asennus | universal håndfri monterning

SETUP

Windscreen Mount Installation

Step 1: Find a safe location on the interior of the vehicle's windscreen to mount the pedestal. Make sure the windscreen is clean and dry. Firmly push the suction cup base (A) against the windscreen and flip the base lever down (B) to the locked position (diagram 1).

Step 2: Adjust the angle of the pedestal arm by tightening the adjustment knob (C) at the base to the desired angle (diagram 2).

Dash or Console Mounting

Step 1: Find a safe location on the dash or console. Clean the mounting surface if necessary. Remove the paper backing on the adhesive disc and firmly press in place (diagram 3).

Step 2: Place the pedestal's suction base (A) over the center of the circular disc. While firmly holding the pedestal on top of the disc, flip the base lever down (B) to the locked position.

Mobile Device Installation

Step 1: Remove protective film.

Step 2: Check Clingo pad for cleanliness and stickiness before each use. Product will fail if the pad is not cleaned properly. See **PROPER CARE & CLEANING** for instructions. Cleaning frequency may vary by environment.

Step 3: Wipe dirt and dust from your mobile device and attach it to the Clingo pad. DO NOT attach your mobile device to the Clingo pad if it is protected by a leather or silicone case. The Clingo pad WILL NOT stick to leather or silicone. Make sure the device is placed on the pad so that the battery cover does not slide off.

Step 4: Adjust the angle of the cradle to find the optimum hands-free viewing position.

Removing Mobile Device

Gently peel (do not pull) your device off of the Clingo pad from the top edge (diagram 4).

PROPER CARE & CLEANING

Proper care and use of the product is necessary to maintain optimum stickiness on Clingo pad.

For Best Results

Step 1: Always remove mobile device from Clingo product.

Step 2: Run warm water over Clingo pad and use fingers to remove dirt and dust. Hand oils and grease may require the use of mild soap. DO NOT use solvents to clean the Clingo pad.

Step 3: Let Clingo pad air dry completely before using. The Clingo pad WILL NOT stick when wet.

For Quick Cleaning

Step 1: For quick cleaning, use a damp, lint-free wipe or cloth to remove dust, dirt and oil from Clingo pad (diagram 5). DO NOT use any paper products.

CLINGO PAD

The Clingo pad is permanently bonded to the product. Do not attempt to remove the Clingo pad.

Safety Precautions

Do not install Clingo products over an air bag cover or within the air bag deployment zone. Allsop Europe Limited and its subsidiaries assumes no responsibility of liability for injury or death as a result of car crashes and/or air bag deployment. Allsop Europe Limited and its subsidiaries are not responsible for any damages caused to your car, your device, or yourself due to installation or use of this product
